

Mentoring Program for Professionals working in Volunteer Management

Mentoring ...

Have you considered the **BENEFITS**?

Managers of Volunteers work in fast paced environments where we manage multiple tasks, responsibilities and challenges. Although there are many resources available to us, we often don't have the individual support of experienced professionals in our field.

The PAVR-O Mentor Program offers a unique opportunity to expand your learning. We have an amazing roster of mentors with a broad range of expertise signed up for this program.

Whether you are new to the field or a professional with a number of years experience looking to gain knowledge in an area that is new to you, the PAVR-O Mentor Program is here to help.

The only thing missing – is **YOU!**

Detailed mentor program information is available on the PAVR-O website www.pavro.on.ca

Please don't hesitate to contact us for questions. Participation requires a membership with PAVR-O. The mentor program is one of the many benefits of membership which you can learn more about on the PAVR-O website.

The application process for this program will continue through July 2010 however it's best to submit your application **as soon as possible**.

Mentor partnerships will begin in **September 2010** and finish in **June 2011**.

The schedule is flexible during this period and is worked out between the mentoring partners.
